Bath + Body

I wish computers could feature a scratch and sniff button! Our bath and body lines are fresh, clean and fun. The lotions are smooth, the scents beautiful and lingering and the packaging (what can I say), as a graphic designer by trade, I'm a sucker for beautiful packaging. Try a sampler or a small demi-perfume and find your new favorites.

EST. 2011
Founded in 2011, Urban Poppy first started creating gorgeous florals, decor and event design for lovely low country weddings.

In 2014 we introduced Urban Poppy Botanical Boutique, a modern yet organic shop that offers beautiful flower arrangements as well as unique gifts. We love foraging and working together with local growers.

In 2014 we introduced Urban Poppy Botanical Boutique, a modern yet organic shop that offers beautiful flower arrangements as well as unique gifts. We love foraging and working together with local growers.

If you're ever in Savannah please feel free to swing by our shop or join us for one of our upcoming workshops.

We're helping farmers all over the world grow their business! Our Farm to Flower bouquets are cut the day you order and shipped from one of our farm partners so they last.

Founder & Lead Designer

Anissa grew up with a strong love of flowers & nature with a humble backyard full of perennials and annuals planted by her mother and grandmother. She received her MFA in Graphic Design at the Savannah College of Art and Design. Her lifelong dream of becoming a veterinarian, artist, writer, gardener, and globe trotter has turned into this beautiful design co. & boutique she and her husband, Russell, created almost 9 years ago.

Aden Lunceford

Aden found her passion for everything botanical growing up on a farm in Mississippi. Earning a bachelor's degree in Horticulture from Mississippi State University, she focused that love towards weddings & events. In addition to creating florals and managing Urban Poppy's growing flower tribe, she is also the "Director of Happiness". A farm is in her future & her main goal is to create a work environment where creative & positivity flourish.

Allison Lombardo

From UGA and 20 years of corporate retail management, Allison brings the perfect blend of personality and professionalism into her daily work at Urban Poppy. She thrives on delivering results and growing businesses as well as developing people through relationships with her clients & colleagues. She maintains the desire for simplicity, compassion & empathy towards others.

Russell Goeken

Russell holds a BFA in Photography with a focus in photojournalism. A Texas native, he is a father and husband. As a gardener and tender of small animals, he also enjoys painting, writing, cooking, and exploring the world through vintage cameras. He lives with his wife, Annisa, in Savannah, GA, along with the most pristine and beautiful stretches of coastline anywhere in the world.

Make it Your Own!

Our Farm to Flower Promise

All of our partners practice sustainable, eco-friendly farming, and we cut only what we sell - so we don't waste 1 out of every 3 stems like others.
